SIR,

I have the honor to forward herewith a letter recently received from Mr. B. Narasimha Iyengar at present studying in Germany. The letter requires no explanation and I feel sure that Government will appreciate the very difficult position in which the applicant is placed and will be prepared to give him the assistance he requires. I have the honor therefore to recommend the granting of the concessions asked for by Mr. Narasimha Iyengar.

Dear Sir,

In continuation of my application of January last about the extension of my scholarship, I beg to state that it is absolutely impossible for me to make both ends meet in these abnormal times. When I am ready with my research work, I shall have no money at all to pay my examination fee and other incidental expenses. So I request you to kindly recommend to Government to supplement my scholarship by an additional grant of 50 £.

When I left home, I had made private arrangements to supplement the government grant for the maintenance of my family there. Since I must stay here longer than I expected to, and since it is not possible for me to make the necessary arrangements from out here, I request you to kindly

recommend to government to supplement the family allowance already asked for in my application by a monthly loan of £ 75 Rs for one year to be recovered in suitable instalments after my return.

Trusting that my requests will be accorded to

I beg to remain

Dear Sir,

With reference to your D.O. letter No.7635/Edn. 2-15-141 of the 28th instant, I would refer you to correspondence commencing with your letter Camp No.22 of the 6th October 1914 and would also especially call your attention to my D.O. letter No.928 of the 29th August 1914 to the Inspector-General of Education, (copy enclosed).

I went to considerable trouble in arranging for Mr. Narasimha Iyengar to continue his studies at Rothamsted and in my letter No. 4001 of the 1st February 1915 intimated to the Inspector-General of Education that the necessary arrangements had been made.

As I heard nothing more with regard to the matter I presumed that it had been found impossible to arrange for his leaving Germany during the War. If, it is now found possible to get him out of that country, I should certainly recommend that it be done. With reference to your D.O. letter No.251 of the 26th instant I understand from it that arrangements have already been made with regard to attempting to obtain safe passage for Mr. Narasimha Iyengar to England. In case he is allowed by the German Authorities to do so, something which I have very grave doubts about, he might be able either to continue his studies at Edinburgh or to proceed to Rothamstead near London where he might be taken on as a voluntary assistant. I am a personal friend of one of the Scientists at Rothamstead and am asking him to inform me whether it would be possible for Mr. Narasimha Iyengar to work there for another year in case he is able to reach England.
